

taking care of business

is our **greener future.**

Waste Reduction Hero

Kim Saunders, East Port Properties

Kim and her team that manages the Scotia Centre in St. John's didn't just get their waste to half, they reduced it by 72%! From toner cartridge recycling to requiring contractors to recycle building materials, her team is leading the way. And when a tenant asked to throw out a 360 litre bin full of just binders, their school recycling program was born. Now they donate all excess office supplies - over 12 truck-loads to date - to schools across the province... photocopiers, couches, and, of course what started it all, binders.
