

Waste Reduction Heroes

They're the ones who lead the way. The ones who are changing our province and ensuring we have a greener future. **They're our waste reduction heroes.**

Sarah Yetman

Harbour Grace

Sarah may only be little, but she has big opinions when it comes to waste. That's why when she saw a pile of garbage on her favourite trail, she was mad! Sarah took action and had the garbage removed and continues to advocate against littering each and every day. But she doesn't stop there, she has her own vegetable garden, recycles all her beverage containers, and turned Nanny Yetman into our province's newest recycler.

Nominate a Waste Reduction Hero!

Recognize someone who's going above and beyond to create a greener future by emailing us at hero@mmsb.nl.ca.

**no more
litter**
is our *greener future.*
