

Waste Reduction Heroes

They're the ones who lead the way. The ones who are changing our province and ensuring we have a greener future. **They're our waste reduction heroes.**

Rick Stanley

Ocean Quest

Rick Stanley's business Ocean Quest depends on our province's wonder and beauty. That's why reducing waste comes naturally to him with simple acts like electronic communications, using a compost bin, and providing cloth towels and reusable bags for guests. But he's just getting started, Rick is also working to develop a paperless office... waving *bon voyage* to all excess waste!

Nominate a Waste Reduction Hero!

Recognize someone who's going above and beyond to create a greener future by emailing us at hero@mmsb.nl.ca.
