

being environmental spokes-people

is our **greener future.**

Waste Reduction Heroes, Chad Brazier and Sarah Armstrong of Ordinary Spokes

Ordinary Spokes operates a volunteer bicycle repair and resource centre in St. John's, where they wrench new life into old bikes. As true spokes-people for the environment, they strive to keep bikes on the road and out of the landfill by:

- refurbishing used ones
- re-using spare parts in their bicycle repairs
- helping cyclists keep their current bike in good order.

But they don't hit the brakes there. Any used parts they can't find a use for in bicycle repair are re-used in things like furniture and trailers!

Nominate a Waste Reduction Hero!

Recognize someone who is going above and beyond to create a greener future by emailing us at hero@mmsb.nl.ca.
